THE

KEY

1968

800 kids. All concentrated in the hot, crowded halls. Some hurrying; most, simply strolling. Blank faces, laughing faces, sad faces—even a few frightened ones.

This is Keystone High School. Nine times a day, bells ring, classes change, and scenes like this are re-enacted. For some they are new. For all of us they hold a very special meaning.

We never want to forget these and other moments of our life at Keystone, although they may be considered trivial by many. We want to keep our memories alive always. Thus we present to you this "Key" to our memories.

Homecoming

'67

In the illuminating light of a huge bonfire, faces could be seen shining with excitement and anxiety. At once all eyes turned toward the senior football players as they bravely tore down the Karns City dummy and tossed it into the flames. Everyone rallied and cheered their loudest as the cheerleaders lead an entwining snake dance about the school. This was the start of the Homecoming Week-end.

Saturday morning the finishing touches were added to the gymnasium in preparation for the dance that evening. The seniors had taken charge of the dance and decorated the gym to appear as an authentic football field, complete with goal posts on each end, refreshment stand and a huge football suspended from the ceiling. Every night of the preceding week was spent making the decorations. Much enthusiasm was put into the assembling of the football, but some anxiety arose when someone subtly whispered, "Are you sure it isn't an eggplant?"

The next and most important event of the week-end was the game that afternoon with Karns City. The boys were full of spirit and were truly out to win, but luck was with the Gremlins and the game ended 26-19 in their favor.

Saturday evening the annual Homecoming Dance was held. The dance was a definite success with the biggest crowd ever. As the "Plants" softly strummed "Little One," Kathy Best was crowned Homecoming Queen.

What makes a teacher? This is a question that may have entered your mind once or twice or maybe never at all, for students usually think of school only from their own viewpoint. They seldom stop to wonder what it's like "on the other side of the desk." Everyone knows teaching isn't exactly the best-paying job around. It takes a lot of determination and hard work to become a teacher and a lot of perseverance to remain one. Students very rarely think of a teacher as anyone but the person who stands there pointing at a map or pacing up and down the rows in order to keep things quiet. However, teachers actually mold our lives in many ways. The feeling that causes a person to become a teacher is a true desire to dedicate his or her life to the future generations.

Class Rings

The class of 1968 is the first graduating class to wear class rings especially designed for KHS. The ring design is unique, with the center being a stone of the student's choice. "Keystone High School" is engraved around the stone, with small keystones separating the words "Keystone" and "High School." On one side of the stone is a panther, the school mascot, while on the other side is our school crest. The crest on the ring is practically like the official school crest, with the only difference being that the atom is placed above the other three symbols of education instead of beside them.

The four symbols of education are at the top of the crest. The atom symbolizes the Sciences; the lamp of learning symbolizes the Arts; Music is symbolized by the lyre; Athletics is symbolized by the winged foot. Below these are the four symbols of industry that have helped to promote the development of our county. The pump jack is symbolic of the oil industry; the glass blower's pipe signifies the glass industry; the plow stands for agriculture; the iron furnace symbolizes the once-important iron industry. In the center of the crest, KHS is engraved.

The ring was officially designed in 1966 by a committee of class officers headed by Mr. Clifton Hutton, a former art teacher.

SENIOR NIGHT

On Thursday evening, October 19, the annual Senior Night was held. The evening started out in the gym. For the athletic, there was basketball and volleyball. A record player and records provided entertainment for the more "cultured" youths while ping pong and twister were played by some.

The seniors then stampeded into the cafeteria for

refreshments and a class meeting. After the advisors had arranged the prizes for the magazine drive, the meeting was called to order. Opening words were given by the president Chip Houston, and other congratulatory comments concerning the magazine sales record were offered by the senior advisors. After all the gifts were received, and everyone was congratulated, especially Andy Early, the top salesman, Senior Night of 1967 came to a close.

On August 18, the Panthers began the long, grueling practices that are necessary to perfect a football team. This year Keystone acquired a new teacher and coach, Mr. Gary Steele. Under Coach Steele's direction, the boys learned many new tactics and ideas to use against their opponents.

To open the season, the Union Knights, a perennially good team, traveled to Keystone for the first game. The Panthers played a long, hard game, but didn't seem to be able to get past the tough Union line.

The next game on the schedule was at Moniteau. The Panthers really played a hard game that night, and seemed to be pretty much in control of the scoreboard, but due to penalties, two Keystone touchdowns were called back. This left the Warriors ahead by only one point at the end of the game.

The following week the Panthers proved their strength by trouncing Shannock Valley, 21 to 0. And then after losing the next game to the Redbank Bulldogs, the Panthers came back to beat East Brady.

Karns City was the Keystone Homecoming game and the boys really tried their best but the game ended with Karns City as the victor.

The Panthers lost again to Clarion, but came back again to win over the A. C. V. Falcons. Keystone lost their final game against Brookville, ending the season with a 3 and 6 record.

Even though the season ended with more losses than wins none of the boys regret a minute of it. The many memories, such as the fiercely fought Moniteau game, beating Shannock "under the lights," the intense spirit leading up to the Homecoming game, and just their personal experiences with each other playing as a team and being under the fine direction of Coach Steele, make up a very integral part of these boys' lives.

THE VOICE OF A SENIOR PANTHER

"I'll always remember my one and only score after three tries. Imagine my surprise when the ball flew through the uprights."

"I'll never forget the kick-off at the Union game when I was in on the first tackle of the '67 football season."

"The Moniteau game was a really heart-breaking experience. To lose by one point after such a tremendous effort was almost too much to take."

"In the first play of the Brady game I threw a cross-body block and got kicked in the face. There I was, out for the rest of the game."

"I think Keystone's football is on the way up and in the next few years will be heard from. I just wish I could stay."

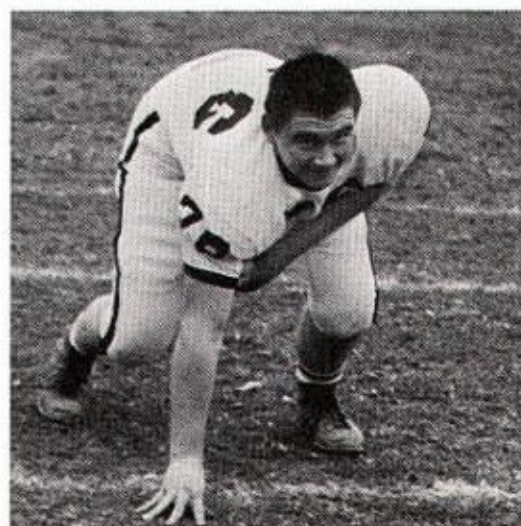

"I was sad when it was over, but I'll always be proud to call myself a Panther."

"I would like to say that I played with the greatest guys in the world. I'm sure I'll remember them long after I've forgotten individual plays and games. And, of course, there's Coach Steele, he's the greatest."

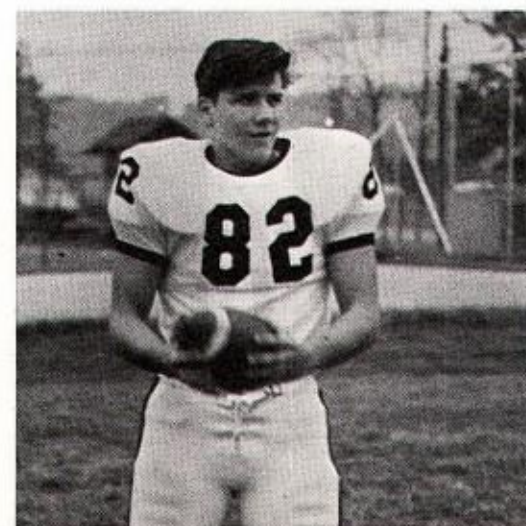

"On the night I was to be team captain, I lost my temper and was 'expelled' from the game during the second quarter. It had been my best game by far and I had really been doing well. This was something I had prayed for and when I was finally given my chance, I blew it. So what can you do, but go to it next time."

This year our Junior High football team experienced an undefeated season. Under the obviously able coaching of Mr. James Best and Mr. Larry Martin, and with only a couple weeks of practice, the team won all of its games.

The Little Panthers started their remarkable season by defeating the Clarion Bobcats 21 to 6. Their confidence bolstered by this easy win, they defeated the Brookville Raiders on the home field by another 21 to 6 score. Next the Little Panthers traveled to Redbank to defeat the truly tough Bulldogs "under the lights." Suddenly it became apparent to the whole school that the Jr. High team was really going "great guns." Next the Little Panthers traveled to the "stomping grounds" of the Union Knights whom they defeated 7 to 0. Finally the tough Moniteau Warriors traveled to Keystone and were defeated amid mud, rain, lots of proud parents, and wildly cheering students.

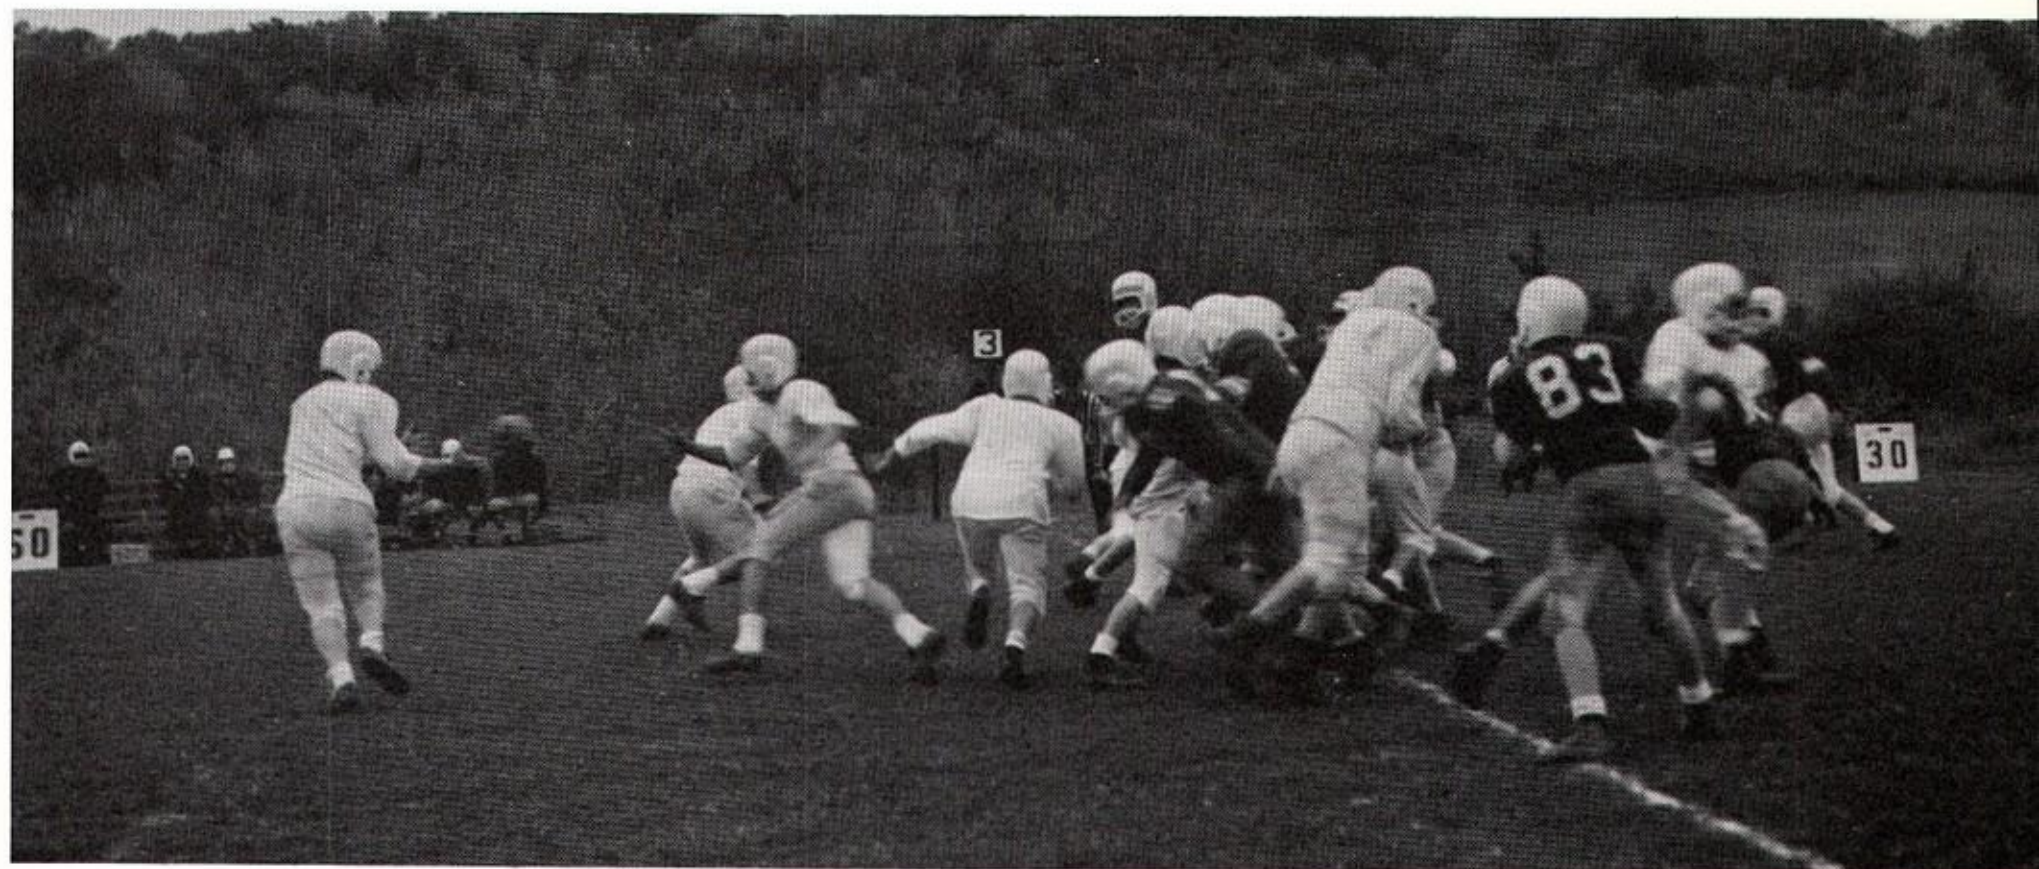

The Junior High squad was the first undefeated football team in Keystone history. The Little Panthers were treated to a spaghetti dinner at the Carriage Inn after the final game.

Varsity Basketball

A group of eager prospects for the 1967-68 basketball teams began practice on the first of November. After many arduous hours of practice the squads were finally selected. Under the coaching of Mr. Charles Meyers and Mr. Robert Gehres the boys learned their new, exhausting plays and tactics.

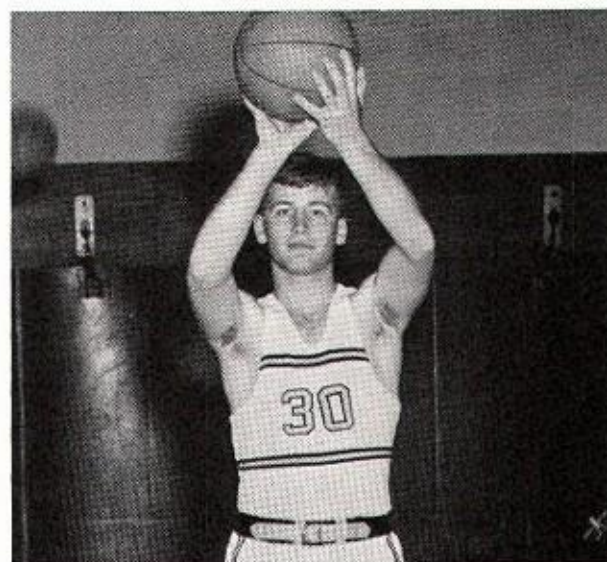

The season began with anticipation at Rocky Grove on December 5. Although this game and several of the following ones

were lost, great school spirit and enthusiasm was maintained by both the players and the student body. During the Holiday Tournament at Moniteau, we received the consolation trophy. Bolstered by this win, the team won several more of the remaining games in the season.

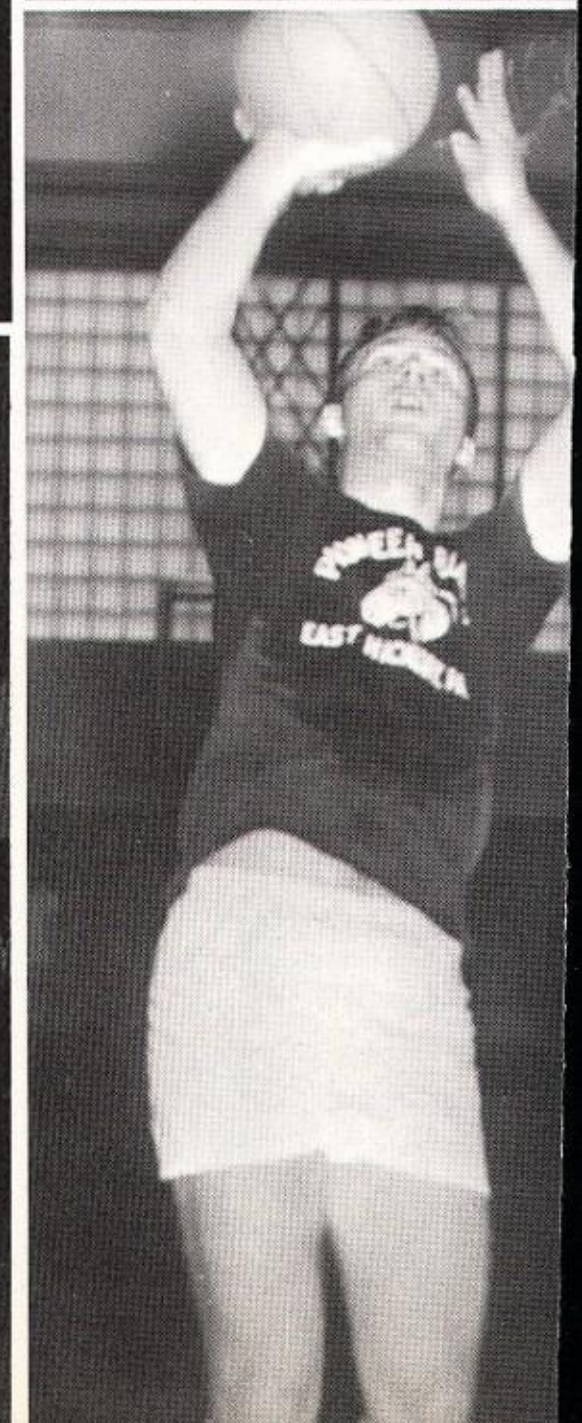

In victory and in defeat the school was always behind the boys. After an exciting season, the basketball team played its last game on February 23 at North Clarion High School.

Mr. Master, COACH

Track is a tough sport, requiring self-discipline and hard work on the parts of the individual team members. Team work is, of course, important, but track basically involves the individual.

Every year about thirty sophomores, juniors, and seniors try out for track. Track meets start in the middle of March and last until the end of May. About nine meets, including the county meet, are held every season.

The score in track is based on points for each activity. Each person participating in the meet gets one point for participation. Five points are given for obtaining first place, three are given for placing second, and one is given for placing third. A letter in track can be obtained by accumulating sixteen points and participation in the county track meet.

Cheerleaders

In the spring of '67 an announcement was made to all girls in ninth through eleventh grade that cheer practice was starting and that tryouts would be held in two weeks.

During the following days the girls put everything they had into learning the new jumps, turns, claps, and stomps. Finally, amid much anxiety and indecision, the cheerleaders were chosen.

The lucky girls were then instructed as to what their position would entail. They were told that they had a huge responsibility as the spirit of the whole school depended largely upon them. Soon they were busy thinking of new ideas and ways to promote school spirit.

Throughout the football season the cheerleaders initiated enthusiasm in the team by giving them gimmicks such as rootbeer barrels with the statement "Barrel those Bobcats" tacked on. Then to start out the basketball season, the girls got new uniforms and cheered the team on to victory.

As the season ended, the cheerleaders all agreed that their cheerleading experience was undeniably one of the most enjoyable parts of their high school career.

Student Council

Being chosen as a Student Council member here at Keystone is a very great honor. All the representatives value their membership highly, although their positions do entail much work. The officers of the Student Council, chosen by the entire student body, have especially great responsibilities.

The Student Council sponsors many activities in the school. For example, they sold basketball schedule pens during this year's season and sponsored a Christmas decorating contest. They hold dances and sponsor many "unusual" days.

The chosen representatives of their various home rooms, the Student Council members are the "voice of the students." They represent the student body in its dealings with the administration and faculty. Theirs is indeed an important job.

The group of students who can often be heard in the library conference room is probably the N. H. S. holding one of its meetings. Mrs. Flath is the advisor of this group of 15 seniors. During the week before Christmas, parts of this group can be found stationed throughout the school. These students are playing "post office." They become mailmen and deliver Christmas cards.

"Slave Day" was held in February of this year. N. H. S. members did small tasks throughout the school for minimal fees.

In April of each year members can be found running about telling juniors and seniors of their selection for candidacy in the N. H. S.

Saturday Seminar

Enrichment seminars held at Clarion State College for academically able juniors and seniors began on January 6, 1968. Eleven high schools in the surrounding counties, participated in the program. Of the 120 students participating, 40 of them were selected from Keystone High School. The seminars were held for 12 weeks from 9:30 A.M. to 12:00 A.M. Seminars were held in the areas of social studies, mathematics, science, art, language arts, and psychology.

The main goal of the F. T. A. is to encourage higher education. Of course, the club also likes to see many of its members become teachers. The F. T. A. also works to promote school spirit, encourage patriotism, and create good citizenship.

The 60 members sell pom-poms and other articles to raise money, lead the sixth-grade orientation days, usher at various school events, and go "cadet teaching". They also honor the teachers every April during "Teaching Career Month". Films, speakers, and discussions are also enjoyed by the members.

The sixty-one members of the F.B.L.A. represent a very active organization at Keystone. The club itself has many worthwhile purposes, possibly the most important of which is to develop competent business leadership. Members are encouraged to develop character, prepare for useful citizenship, practice patriotism, promote school loyalty and scholarship, and help to improve the home and community through cooperative effort.

Many projects of outstanding value to these prospective "leaders" are successfully completed during the school term. These are aimed at improving the school, business, and the community. These include processing letters for mailing for the Knox Lions Club and the Local March of Dimes, and setting up and duplicating letters, reports, programs, church yearbooks, and various other matter for civic and school organizations. They also duplicate and deliver the high school Daily Bulletin and Absentee Report. In the Spring, the students participate in the F.B.L.A. Region II contests.

With the coaches as advisors, the Varsity "K" stands as a symbol of achievement in the field of sports. The general purpose of the club is to arouse more interest in and recognition for our athletes. The Varsity "K" has been very active in promoting interscholastic sports, including football, basketball, baseball, and track. The only qualification necessary to be eligible for this club is a letter earned in varsity basketball, varsity football, varsity track or varsity baseball. These boys are also eligible for varsity jackets. The Varsity "K" has sponsored such activities as dances after home basketball games and the sale of school sweatshirts, T-shirts, and pens. To be a member of this club is the aim of practically every boy in the school.

On a sunny day last fall, about 15 freshmen were seen walking quickly through the halls. They were trying to make sure no one saw their bobby socks and tenny runners. This unique clothing indicated their initiation into the G. A. A.

The Girls' Athletic Association is designed to encourage athletic achievement. Many enjoyable activities are participated in by the girls every year. They hold "play nights" with various other athletic organizations, usher for the plays held in the school, and generally have a good time. It is the hope of almost every freshman girl that she will be accepted as a G. A. A. member.

Under the supervision of Mrs. Elna Whitling, R. N., and Mrs. Donna Radaker, R. N., the Future Nurses of America operates as a learning organization. Opportunities for tomorrow's nurses in the various fields of nursing are discussed at the meetings. Guest speakers describe such things as the possibilities in public health nursing, opportunities in the armed forces, and the first-hand experience of student nurses. To complete the learning procedures, each year the FNA plans a service project to fill some community need.

Future Homemakers of America

The Home Economics Club is mainly a service organization. Supervised by Mrs. Dorothy Berlin, these girls have completed many commendable projects and are headed for more.

Baking and boxing cookies for the Shippenville Day Care Center, working in the cafeteria, arranging the display cases in the main hall, sponsoring the Christmas centerpiece display contest, hosting representatives of beauty schools who come here and show some of the beauty shop techniques, learning flower arrangements, and listening attentively to job opportunity experts are just a few of the things these homemakers have done this year. They also work as cafeteria aides, so if you don't have a tray for your lunch, blame it on some negligent homemaker. However, you won't find one.

Future Farmers of America

The F. F. A. is a group of hard-working boys who plan to enter the field of agriculture after graduation from high school.

In January of each year some of the members are given an opportunity to attend the State Farm Show in Harrisburg. This is a chance to gain some knowledge and also to have a really good time. At the 1968 Farm Show, Doug Penny, a senior here at Keystone, was named the "State Star Farmer." This is the highest state award that the F. F. A. gives.

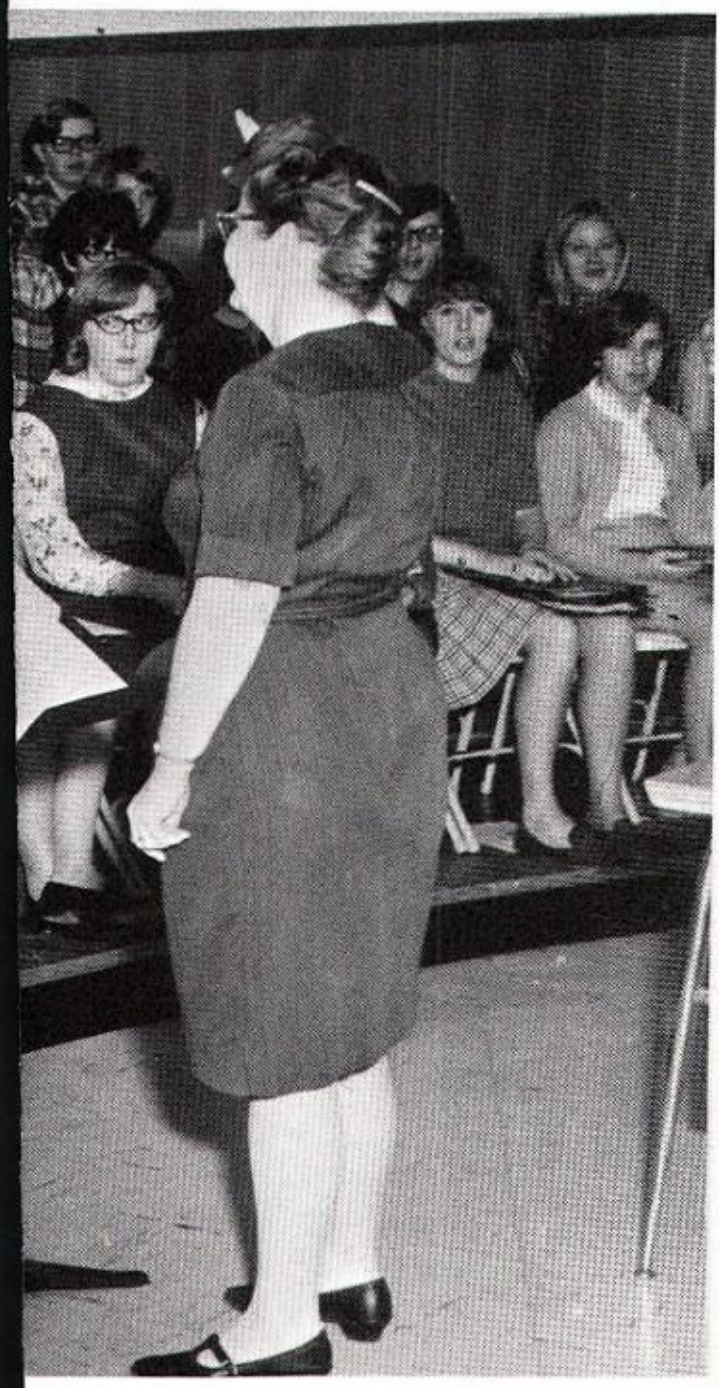

During the year the members participate in a number of contests throughout the area, and many of them often win prizes.

It may sound as if F. F. A. is all play and no work. This is, of course, a misconception. These boys work hard all year long raising crops and animals, and trying to reach their goal, "MAKE THE BEST, BETTER."

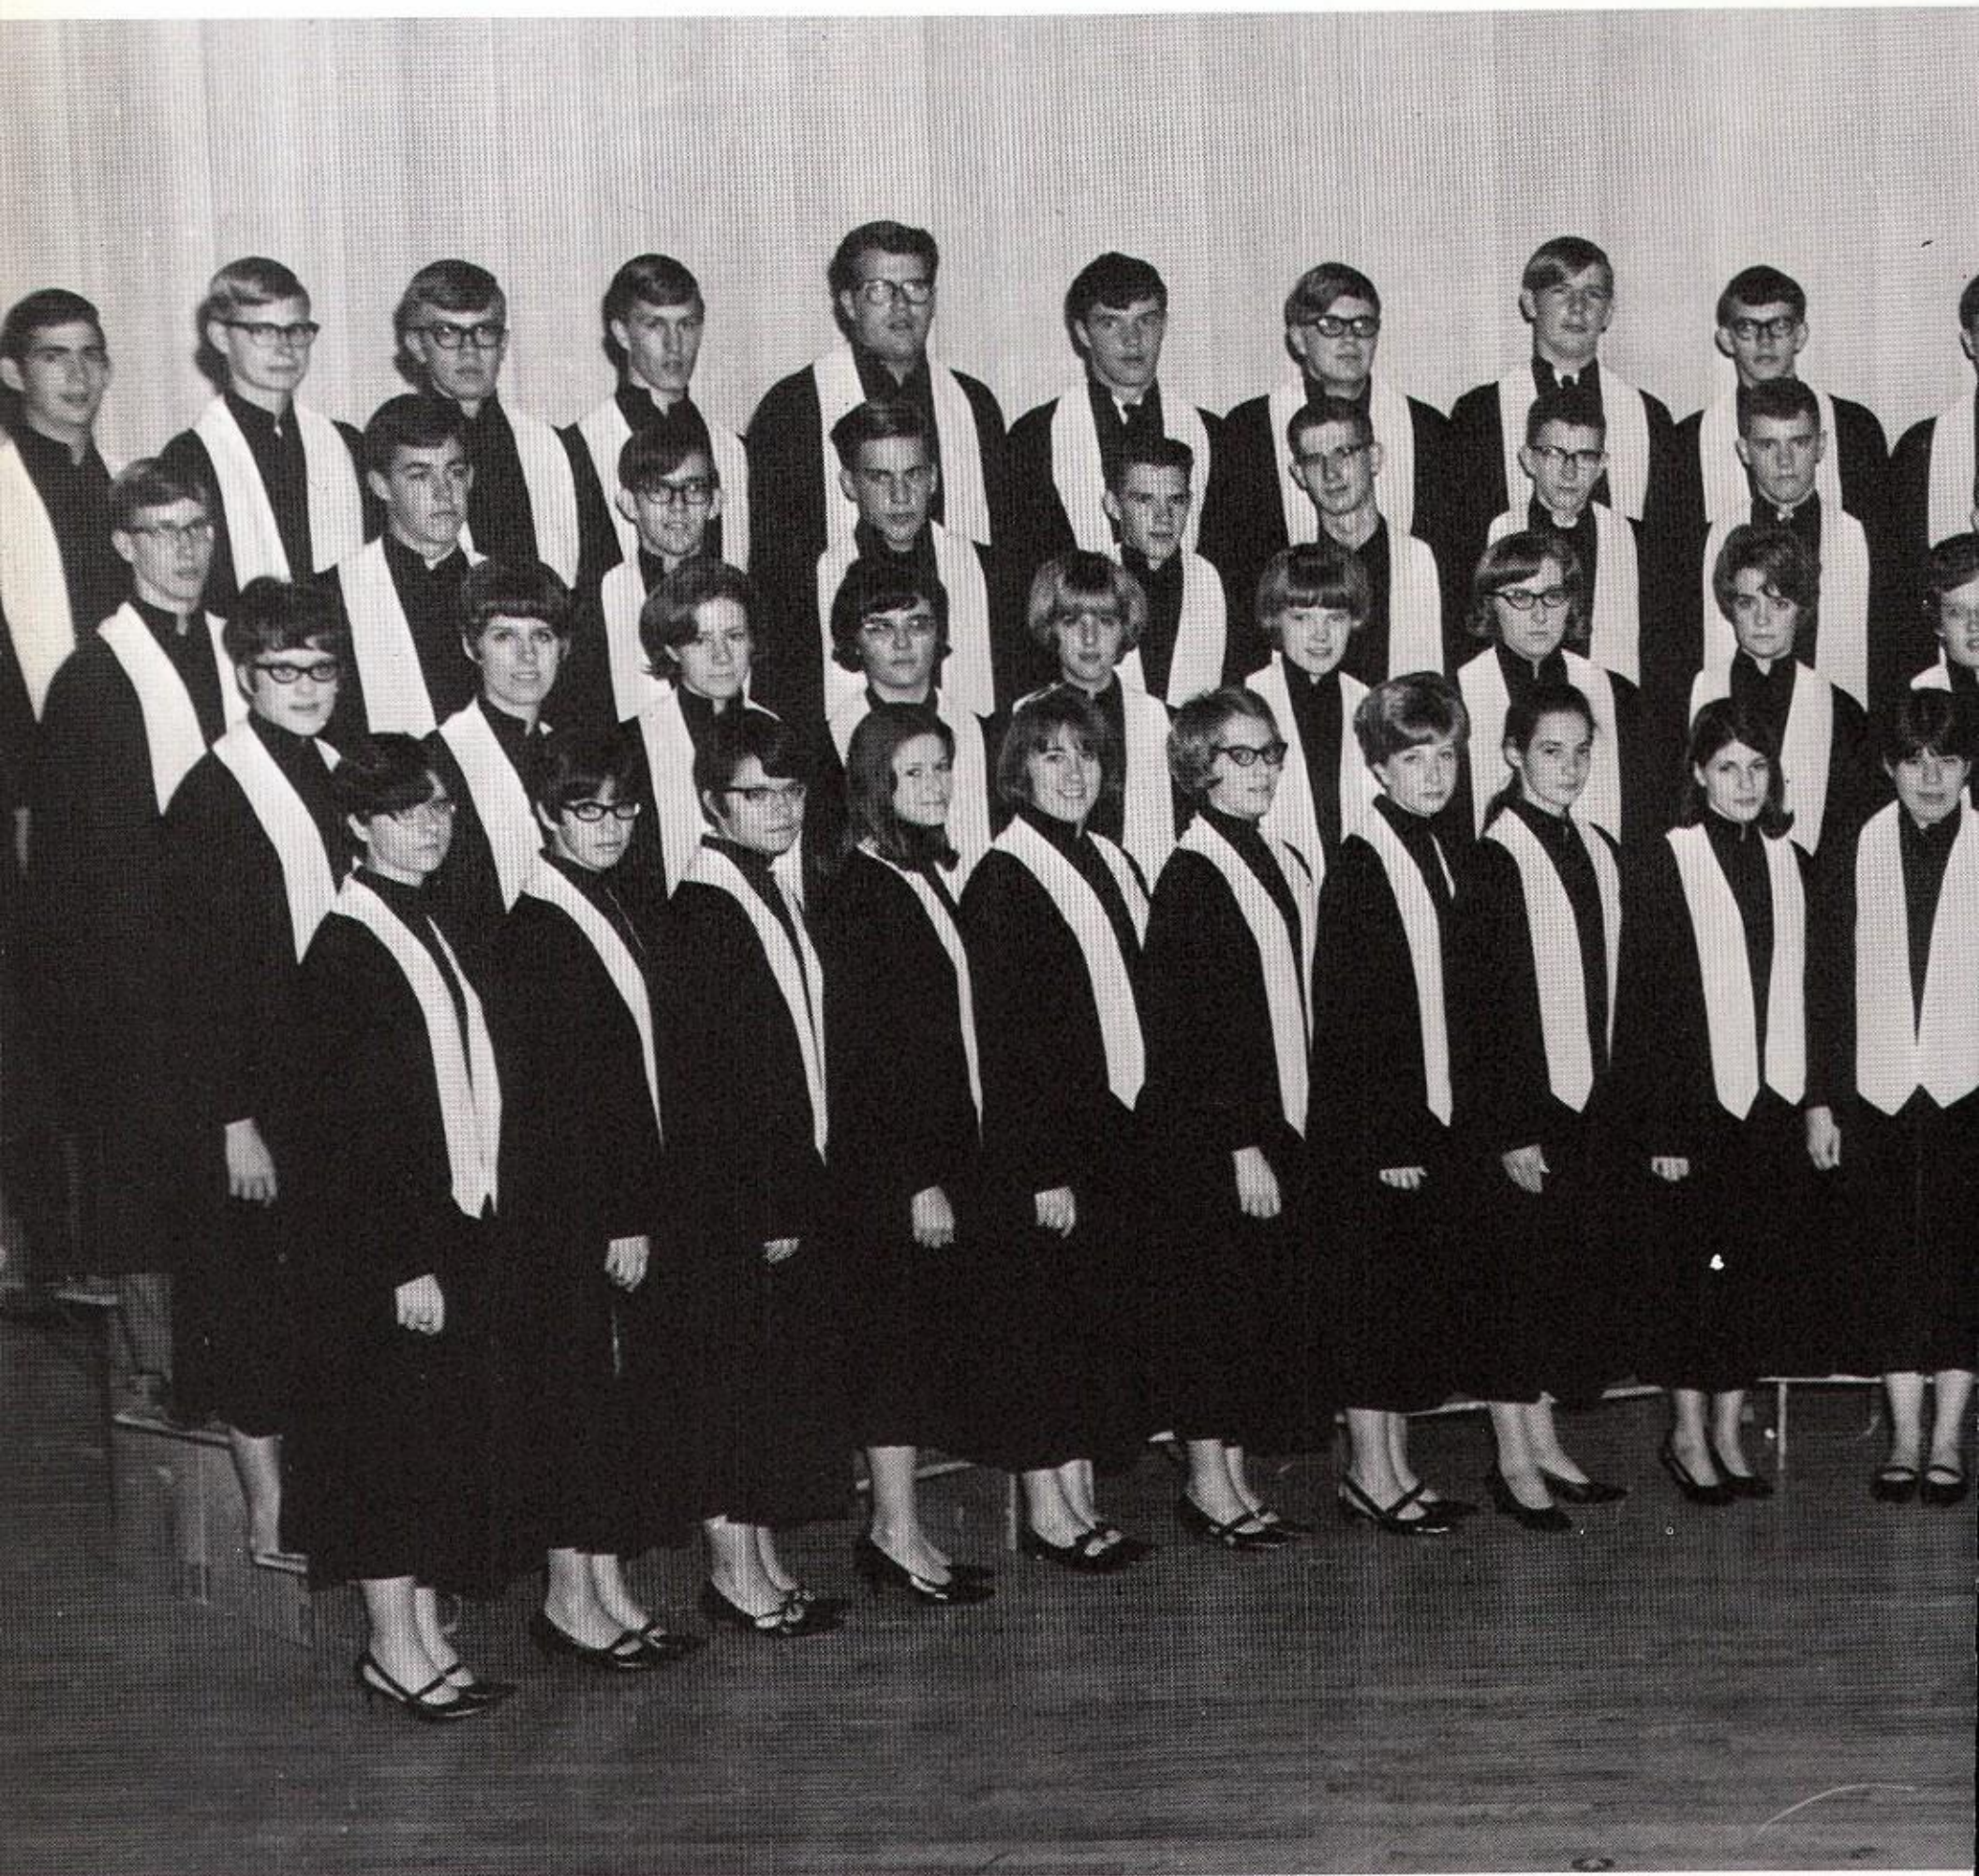

Mr. Showers, Doug Penny, Mr. Austin.

BILL AUSTIN AT CORNELL

Prospective Cornell students who meet certain requirements are selected by the university to be guests of Cornell for a three day orientation program. Last April, Bill Austin was chosen to represent this area. Termed as a "sub-frosh" he and the other participants were allowed to attend classes, take tours of the university's facilities, and "explore" the vast campus. During his visit, Bill roomed in Phi Delta Theta Fraternity where he enjoyed talking to students informally. When Bill returned he felt that the trip had been rewarding and enjoyable.

Each year an Honorary Chapter Farmer is named at this banquet. In 1967, Clair Kime, the county agricultural agent, was given this honor.

Candid Elementary

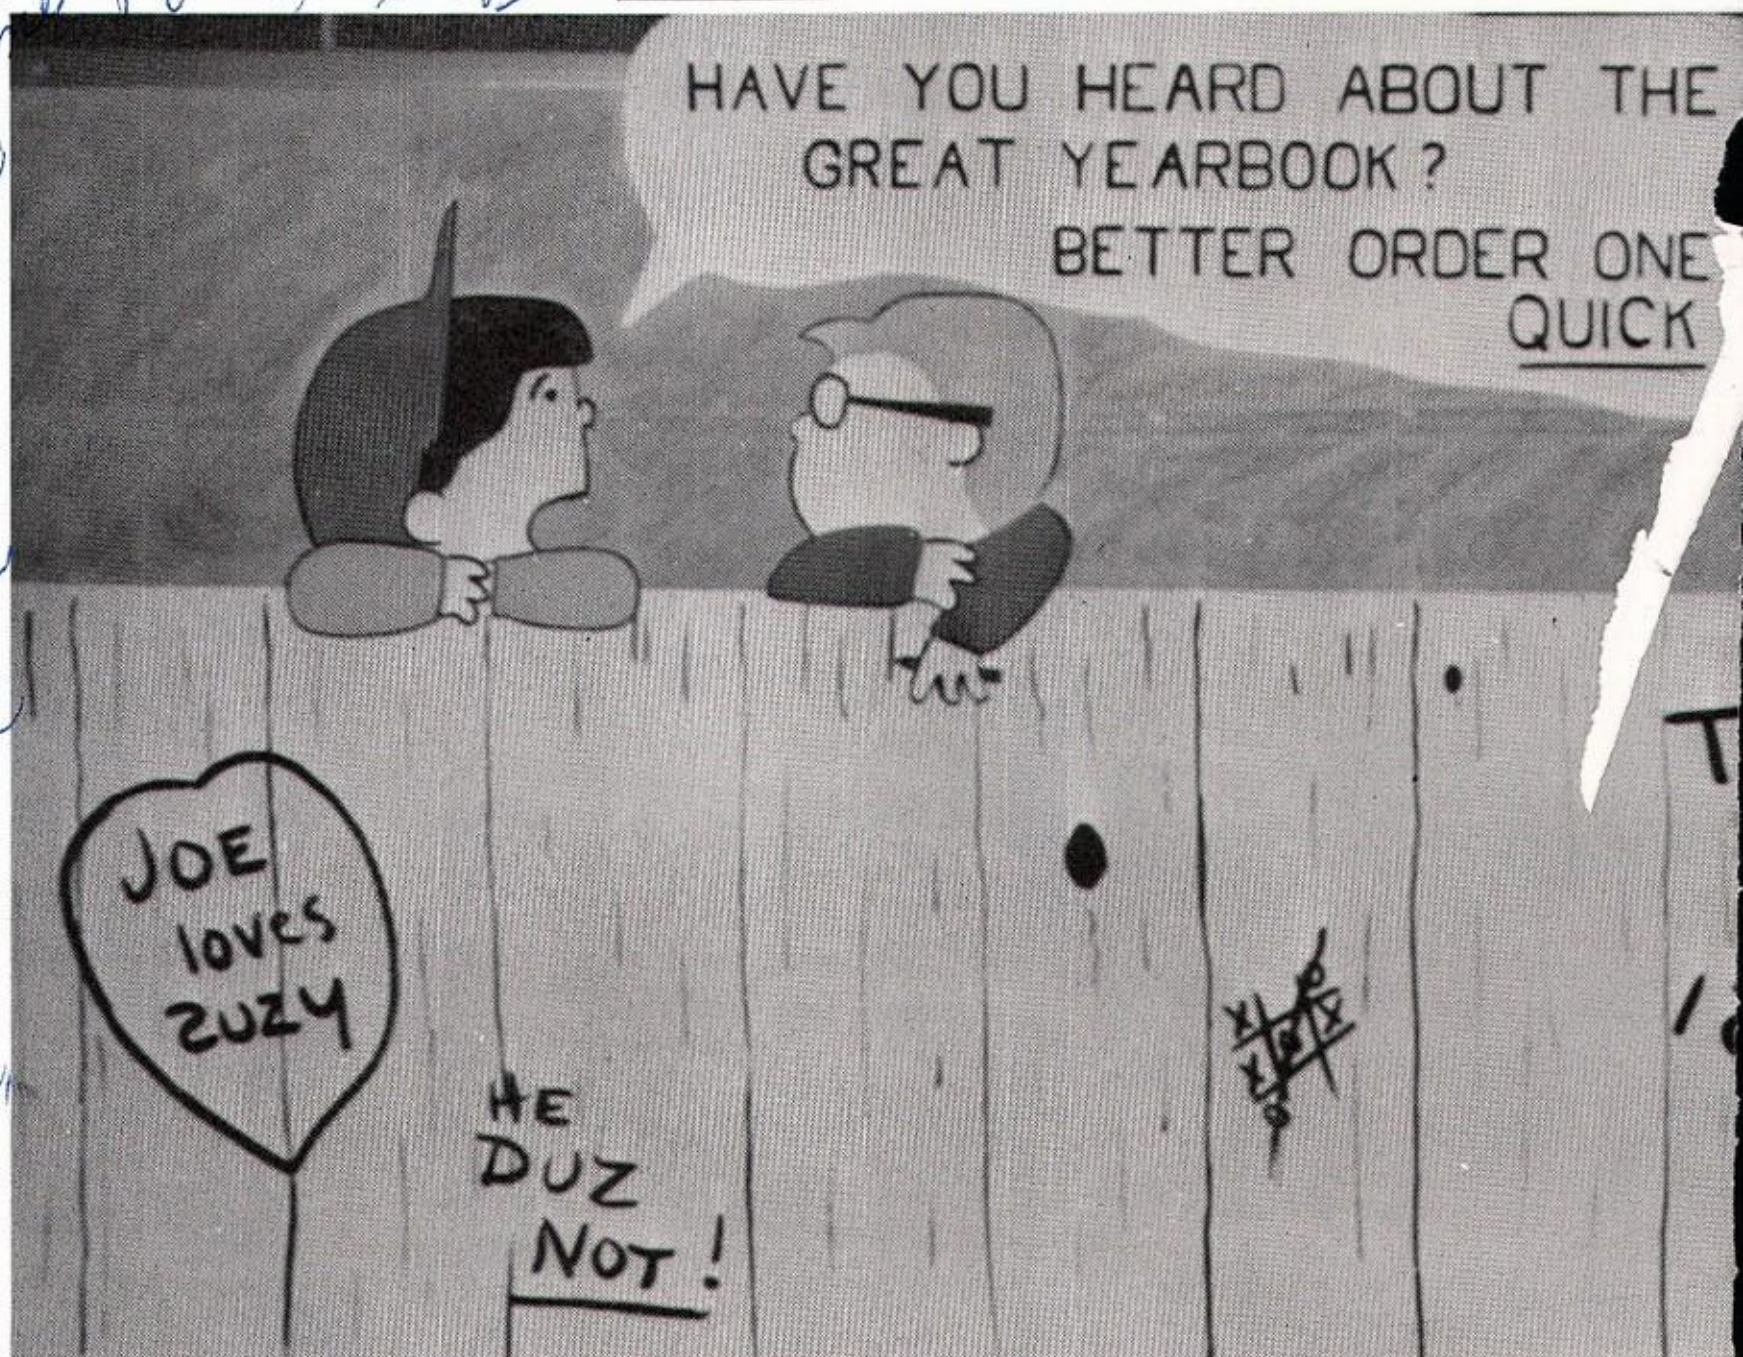

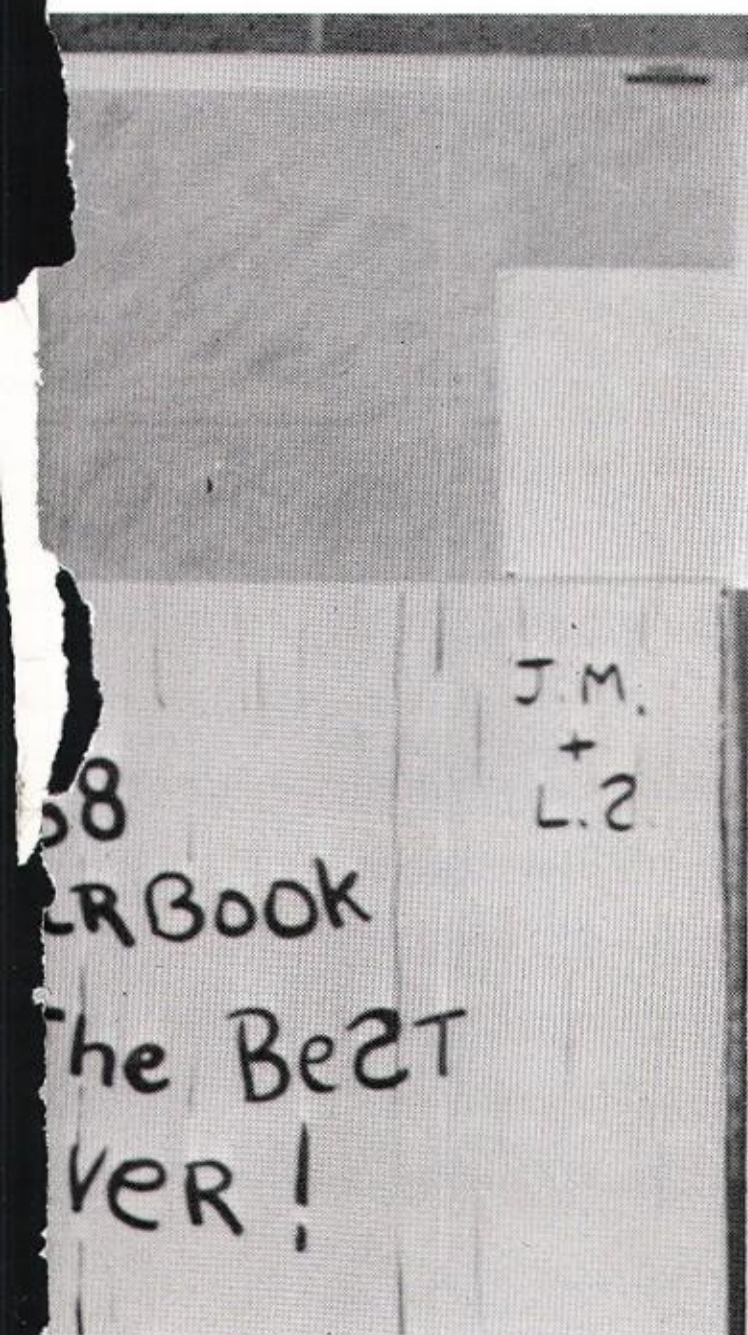

Well, I guess
 this is where I
 belong - Elementary
 I never see you much
 except in choir and
 we've had a lot of fun
 there. Be good this
 summer and I hope
 to see you around
 here. Love ya,
 Dm

Candid Elementary

Now.
 One of the
 nicest girls I
 know, I wish all
 the luck in the world.
 Remember all the fun
 and problems we've had
 together! Even though we both
 like the same guy I sure won't
 let that do
 our friendship!
 Back when
 we were
 seniors.
 good this
 summer and
 watch those
 boys!
 Love ya,
 Patty

Grateful Acknowledgment

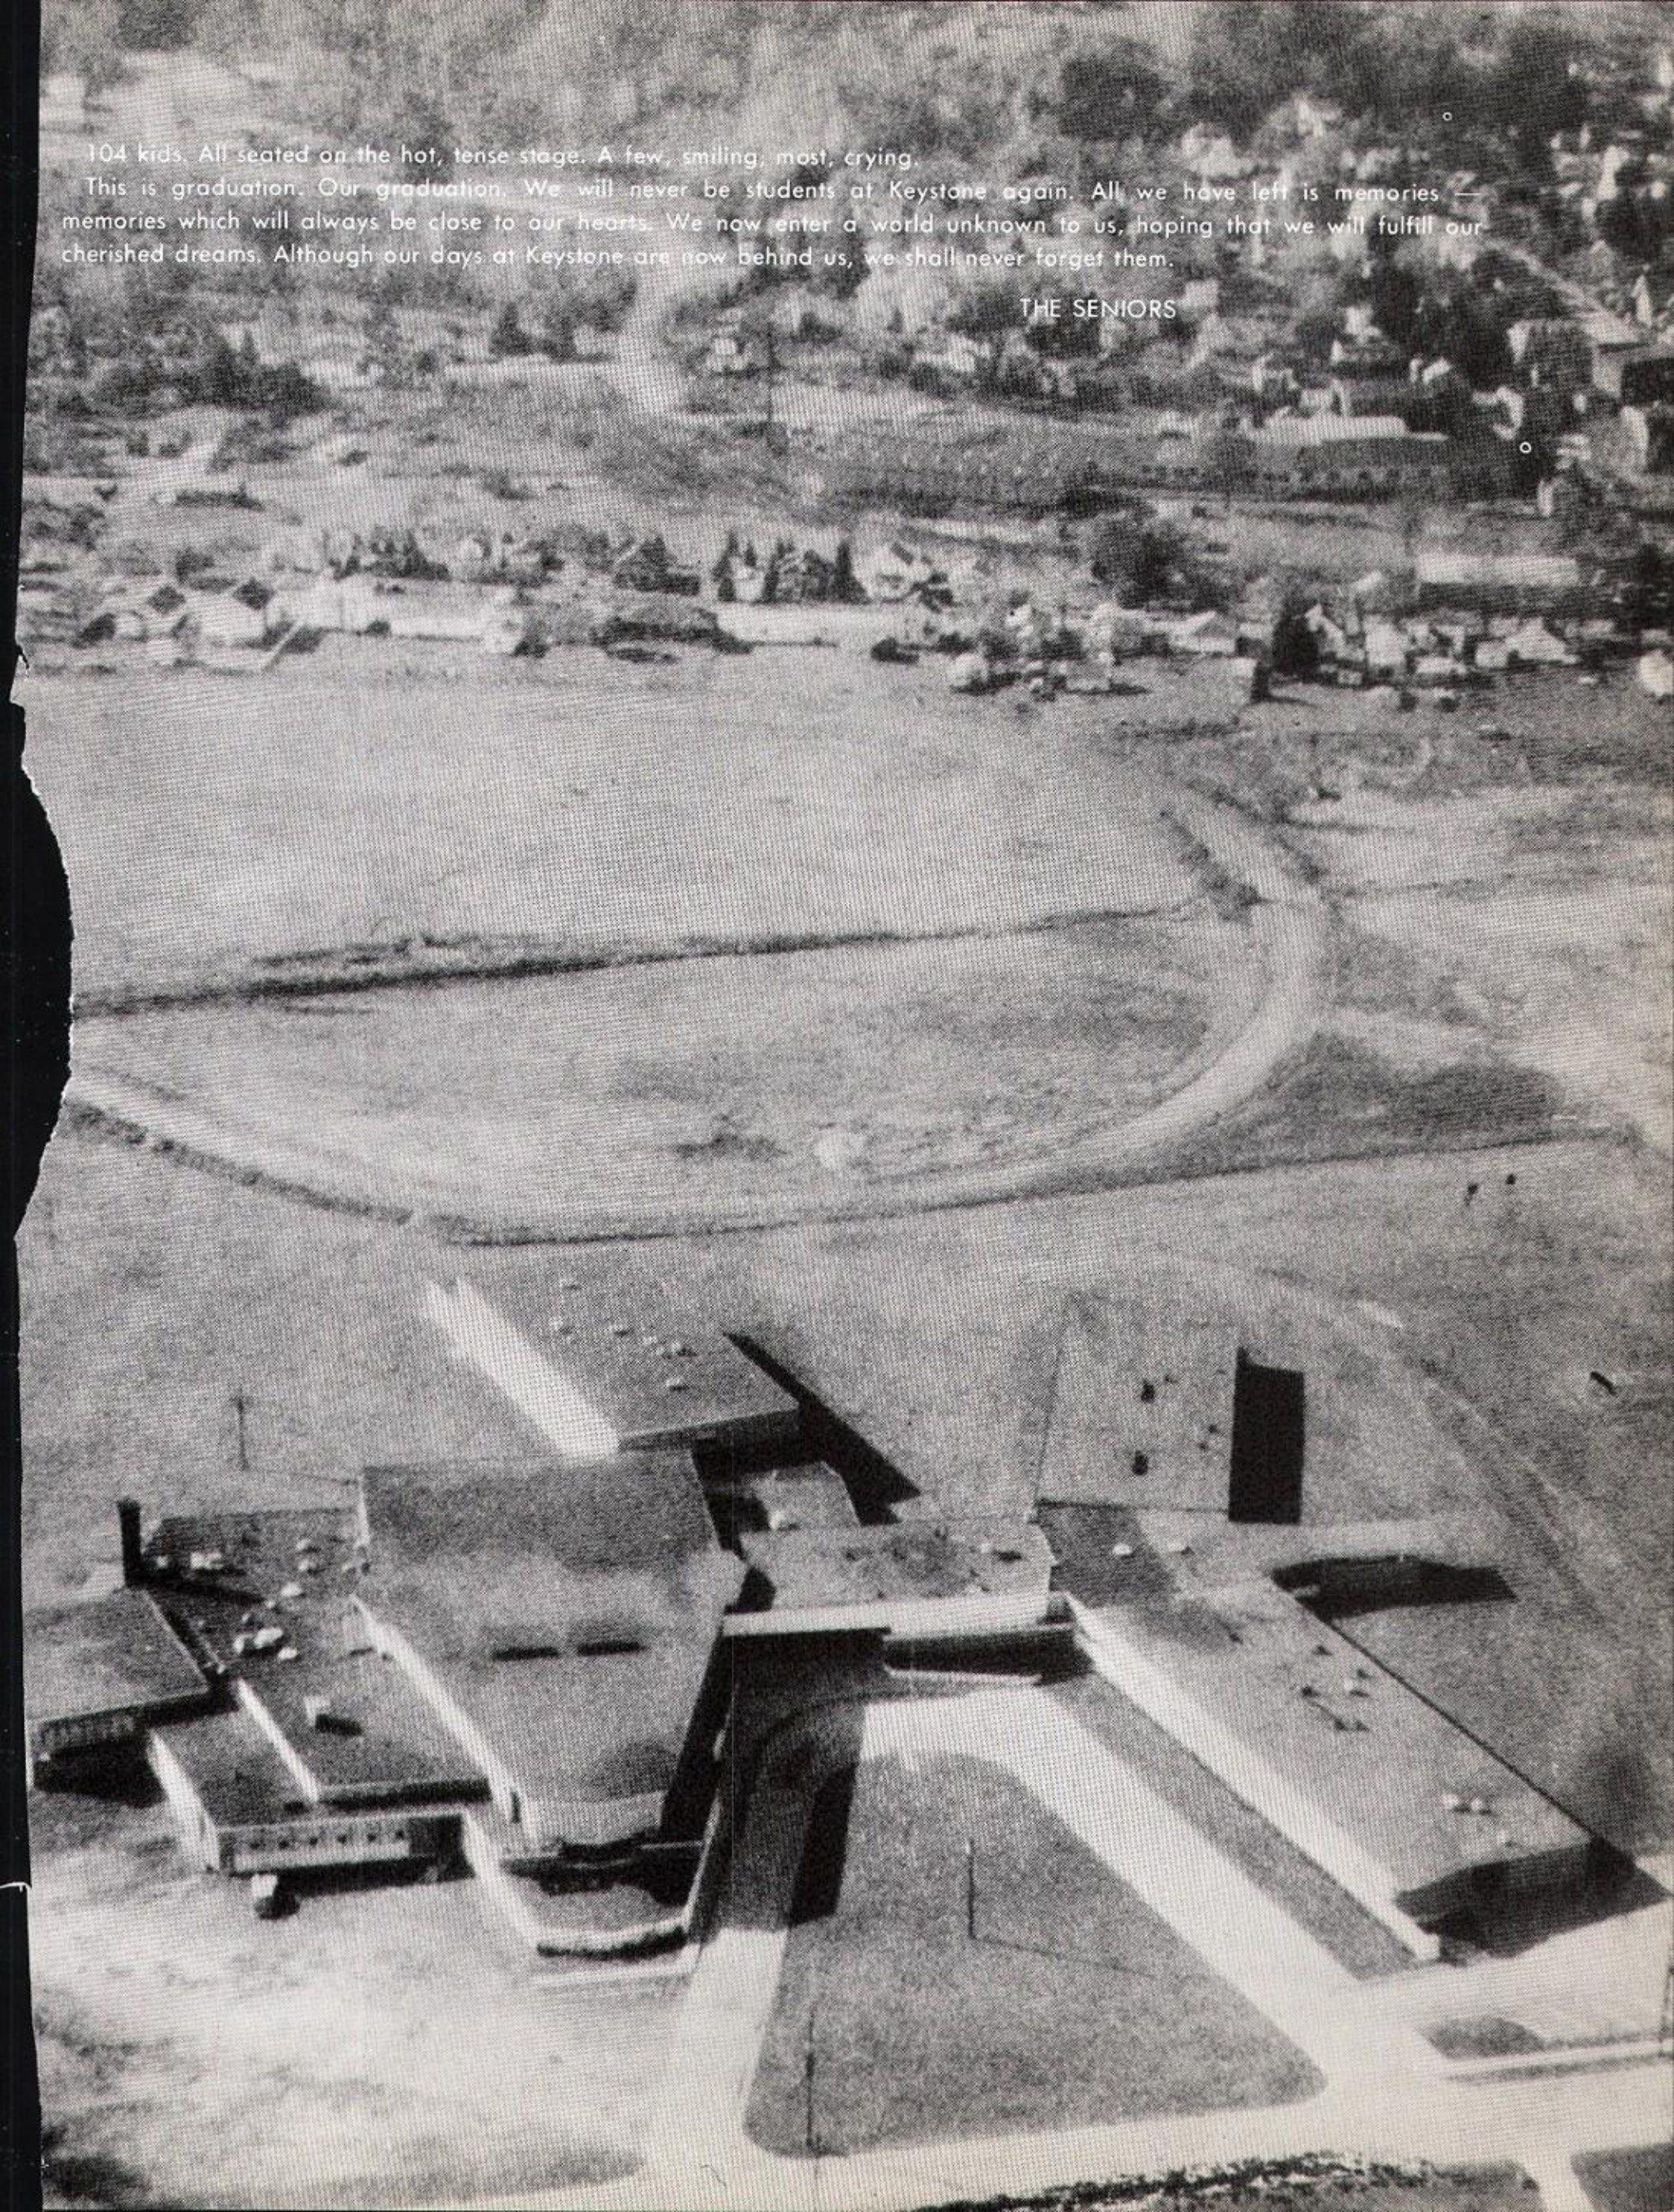

The advertising staff of the Keystone "Key" wishes to express its appreciation to the patrons herein listed. Their generosity and sincere willingness to help our cause have made possible the success of this annual.

It is our wish that the community continue to patronize these, our friends.

104 kids. All seated on the hot, tense stage. A few, smiling; most, crying.

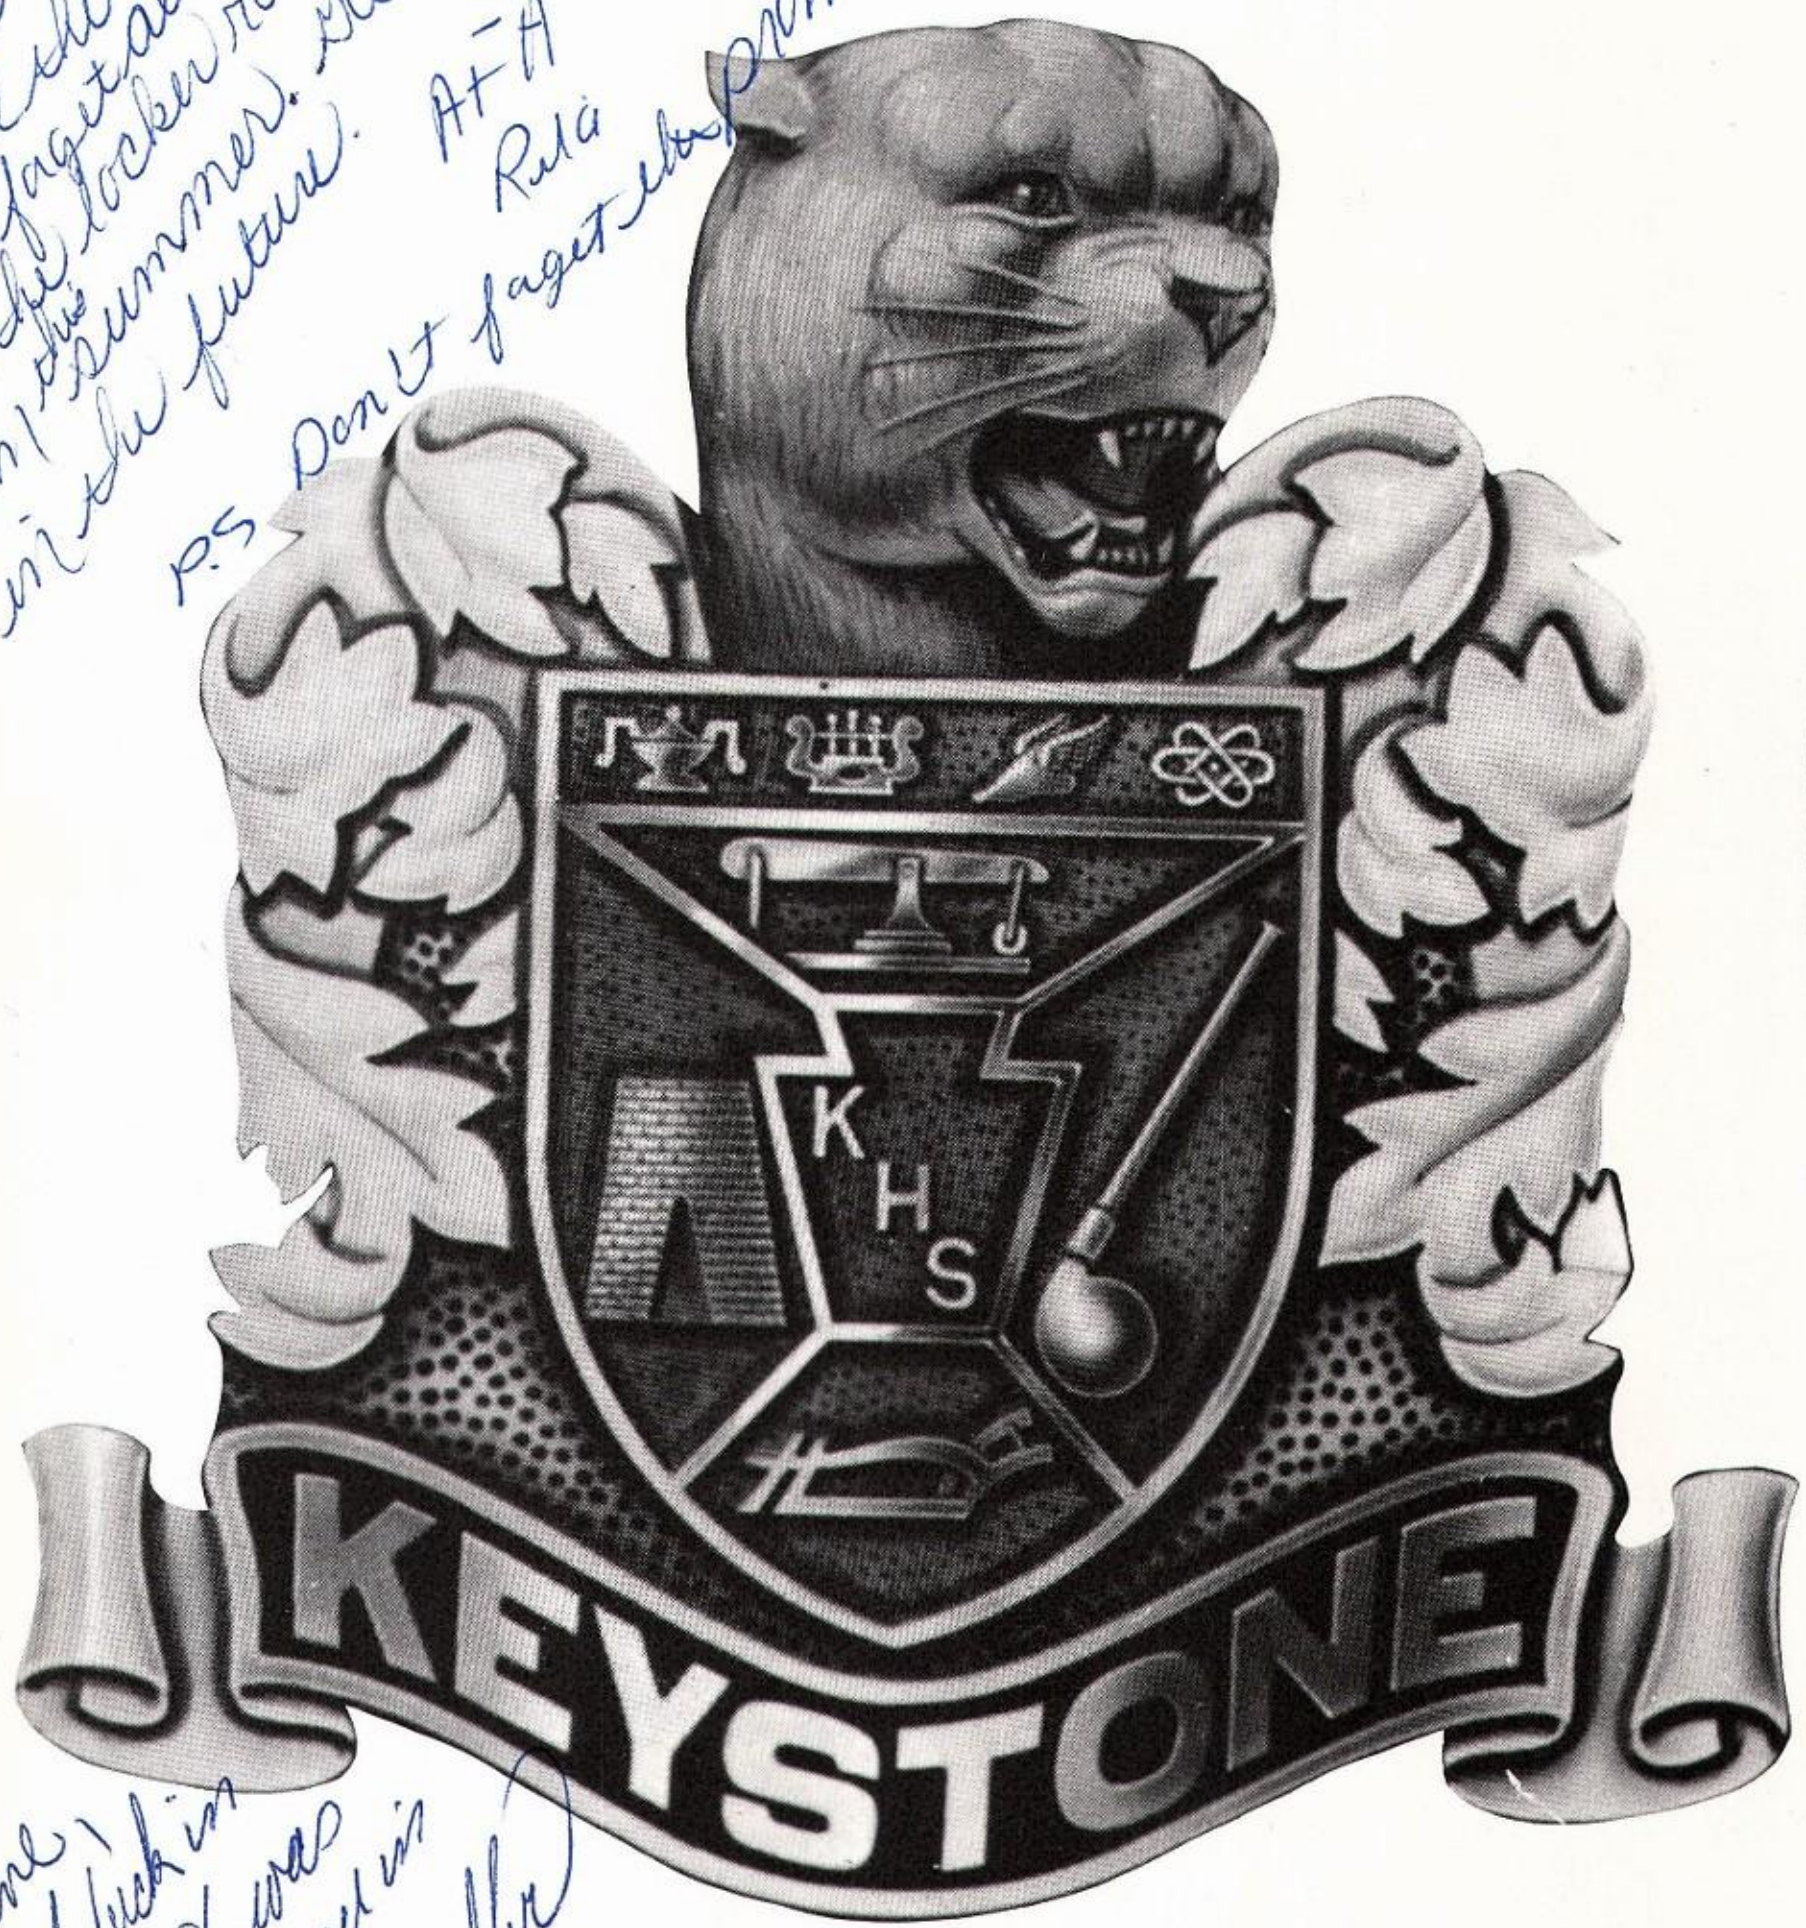

This is graduation. Our graduation. We will never be students at Keystone again. All we have left is memories — memories which will always be close to our hearts. We now enter a world unknown to us, hoping that we will fulfill our cherished dreams. Although our days at Keystone are now behind us, we shall never forget them.
